

Studio Monitor Stands (Pair)

JS-MS70+ item# 17982

If you're just starting out and have smaller studio monitors that you'd like to set on stands, the JS-MS70+ is the perfect solution for you! The stable low-profile base can easily be positioned into tight spaces, and the new compact base design can fold for easier storage. The JS-MS70+ has four heights from 32.5" to 44.25" and can be securely locked into place with the included locking pin. Information, specifications, colors, and materials subject to change.
